Profile

Junior Web Developer focused on Front-End with skills in Javascript, CSS, HTML, React, and more. A passionate problem solver who is excited about learning new technologies to create beautiful web experiences.

Employment History

Machine Operator at VForge Manufacturing, Denver, CO
JANUARY 2021 — JUNE 2021

Produced parts by placing heated metal into a die casting machine at a constant speed to meet daily goals.

Inspected parts for defects, trimmed quality parts on a table saw, and reported to quality control.

Material Handler at Karcher North America, Englewood, CO
JUNE 2017 — MAY 2019

Maintained inventory by identifying, labeling, and placing material and supplies in stock; recording location of inventory.

Located materials and supplies by pulling and verifying materials and supplies listed on production orders and use of the SAP Warehouse Management System to transfer, locate, and organize stock within the warehouse.

Warehouse Inventory Processor at Dream Books, Denver, CO
FEBRUARY 2016 — DECEMBER 2016

Created and shrink-wrapped pallets to be shipped out and scanned in books and determined what was valuable using an FBA program.

Drove a forklift and used an electric pallet jack to unload and load trucks with bulk containers.

Listed items for salfe on Amazon and Ebay, using FBA software.

Education

Web Development, Emily Griffith Technical College, Denver, CO
AUGUST 2020 — JULY 2021

Data Entry Clerk Specialist & GED, Collbran Job Corps, Collbran, CO
APRIL 2007 — DECEMBER 2007
